# kapp trolley

## SMART kapp™ 42 (Mobile)

SMART kapp is a digital capture board that enables users to capture, save and share ideas. It offers a 21st century alternative to the conventional dry-erase board.

Collaboration has never been as simple and versatile, with team members able to join whiteboard sessions anywhere in the world to actively participate, improving business collaboration and productivity.

- \* Participate in live whiteboard sessions world wide
- \* App driven for both IOS and Android devices
- \* Save content as snapshots and share real time
- \* Share instantly with up to 5 users
- \* Uses standard power socket – no IT integration necessary
- \* Quick and easy to install either on wall or trolley
