

## Electronic control & PowaLift technology combine in these versatile units.

- \* Safe, smooth operation
- \* Well proven technology
- \* Quality, long life components
- \* For screens 33 to 70 inch Trolley mounted
- \* For screens 33 to 98 inch Floor to Wall mounted
- \* Controllable by remote fob, cord switch or direct from your laptop - all supplied with unit

CE approved & DDA compliant

Operated by wireless remote or manual switch, screens can be commanded to rise or descend smoothly through 700mm, stopping safely at any point.

These units serve many requirements, particularly in the field of Special Needs, enabling young children or wheel chair users to interact with touch screens. 'Touch of a button' height control also makes it easy to move from one location to another through doorways.

Supplied with screen mount, hand held remote and manual switch as standard.

Length of travel 700mm  
To centre of screen:  
Min - 985mm  
Max - 1685mm
